📍 Horwich, Bolton, Greater Manchester

## SUMMARY

A driven and multilingual individual with diverse experience spanning various industries, including office and manufacturing environments. A dedicated learner with a strong passion for technology, eager to transition into the tech sector. Seeking a position where I can merge my past expertise with my tech understanding, within a company that fosters ongoing personal growth.

## EXPERIENCE

### Python Developer

#### Project-Based

📅 2022 - 2024 📍 Horwich

Personal Projects (please check my website to see what I am currently working on: <https://www.maddieionas.co.uk>)

- Developed multiple interactive games and small applications using Python, showcasing proficiency in programming logic, algorithm implementation and problem solving.
- Utilized Python libraries and frameworks to enhance functionality and user experience in game development and application design.
- Implemented features such as user input validation and graphical interfaces to deliver polished and functional software solutions.

### Web Developer

<https://beyondtouristtrail.co.uk>

📅 02/2024 - 03/2024 📍 Horwich

I am building this website to learn how WordPress works:

- Used Elementor and best practices for content creation.

### Estimator

#### Ascot Doors Ltd

📅 09/2021 - 10/2023 📍 Bolton

I started my role with a Business Administration apprenticeship as an Order Processor initially but soon progressed as an Estimator.

- Implemented a paperless environment for the Sales and Drawing Offices.
- As project manager, I revived client engagement in our export department with a team of four. We contacted active former clients and reached out to new ones, resulting in increased orders and expanded clientele.

## EDUCATION

### Cloud Engineering with Cyber Security and Development Course

#### University Academy 92

📅 10/2023 - 01/2024 📍 Old Trafford, UK

## LANGUAGES

English  
Proficient

German  
Beginner

## STRENGTHS

### Problem-solving

Created and implemented a strategic plan to reconnect with past clients and attract new ones, demonstrating effective problem-solving skills to overcome challenges and achieve desired results.

### Collaboration

Worked closely with cross-functional teams to deliver high-quality quotations on time and within budget.

### Financial and Change Management

By having two departments going paperless I helped Ascot Doors Ltd to save 20% of their costs.
